This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

HISTORICAL SKETCH

OF THE

MERCANTILE LIBRARY COMPANY.

by Joseph H. Dulles.

see Report 1840 p. 10

THE Mercantile Library Company was instituted in the year 1821; the first meeting with a view to its establishment having been held at the Masonic Hall on the 10th of November in that year. From this meeting emanated a public notice, inviting merchants, merchants' clerks and others friendly to the formation of a "Mercantile Library Association," to meet at the Mayor's Court-room on the 17th of the same month. The object was submitted to the consideration of this meeting, and receiving the warm approbation of a large assemblage of merchants; a committee was appointed to report a constitution to a subsequent public meeting. The following gentlemen were appointed on this committee, Robert Waln, Robert Ralston, Joseph P. Norris, Zaccheus Collins, Bernard Dahlgren, John Roberts, Joseph H. Dulles, William H. Jones, and William E. Bowen. The duties thus assigned them received the particular attention of the distinguished citizens at the head of the list, whose names are an ornament not only to this institution, but to our city and the country at large. By their personal influence and wise counsels they have contributed greatly to the character of solid, unostentatious usefulness which the Company has hitherto sustained; and the original draft of the Constitution, with the autographs of these gentlemen, remains an interesting document among the records of the Library.

OF THE

MERCANTILE LIBRARY COMPANY

OF

PHILADELPHIA.

WHEREAS, the following named persons, citizens of this commonwealth, viz. Thomas P. Cope, Thomas Biddle, William Mason Walmsley, John M. Atwood, Joseph H. Dulles, William E. Bowen, Matthew L. Bevan, Joshua Haven, J. M. Van Harlingen, John Fausset, A. S. Roberts, John Welsh, Jr., John Hemphill, and J. S. Newbold, have, together with other citizens of this commonwealth, formed an association for the purposes expressed in the following preamble and constitution, and are now desirous to be incorporated agreeably to the provisions of an act of the General Assembly, entitled "An Act to confer on certain associations of the citizens of this commonwealth the powers and immunities of corporations or of bodies politic in law," they therefore declare the following to be the objects, articles, conditions and name under which they have associated, and agreeably to which they desire to be incorporated, viz. :—

PREAMBLE.

We, the subscribers, being impressed with a sense of the importance of that knowledge which conduces alike to the prosperity of communities and individuals, and also of obtaining such information respecting the general trade and commerce of the world, as may be beneficial to those *engaged in mercantile* pursuits, and deeming the institution

of a library and reading room as the means best adapted to these ends, have associated ourselves under the following rules and regulations:

CONSTITUTION.

ART. 1. The Society shall be called "THE MERCANTILE LIBRARY COMPANY OF PHILADELPHIA."

ART. 2. Each member shall subscribe to these articles of association, and shall, at the time of subscribing, pay to the treasurer, the sum of three dollars; and shall also pay to the treasurer, a semi-annual contribution of one dollar, on the first Thursday in each succeeding January and July. Any member who shall pay to the treasurer twenty-five dollars, shall be entitled to the privilege of membership for life, free from semi-annual contribution.

ART. 3. No member shall be permitted to vote at any meeting or election of the company, who shall not have paid his semi-annual contribution agreeably to the articles of this association; and if any member shall neglect or refuse to pay such contributions for one year, he shall be deprived of all the privileges of a member of the association until the same are paid.

ART. 4. Candidates for admission to membership shall be proposed to the board of directors, at one of their stated meetings, and if approved of by three-fourths of the directors present, they shall be declared duly elected; but no person shall be admitted to membership until he has attained the age of fifteen years.

ART. 5. A general meeting of the subscribers to this association shall be held on the second Thursday of January every year, of which meeting due notice shall be given in two of the newspapers of this city, at least two weeks before the time of such meeting; and it shall be the duty of the directors for the time being to give such notice.

ART. 6. The company shall, at their annual meeting on the second Thursday in January next, and on the second Thursday in each succeeding year, elect by ballot thirteen

directors and a treasurer of the company, and the directors shall at their first meeting choose from their own body a president and secretary. Seven directors shall form a quorum for the transaction of business.

Art. 7. Stated meetings of the board of directors shall be held on the first Tuesday in every month, at such hour and place as they may appoint, and special meetings, at such other times as they may deem necessary. They shall have power to appoint a librarian, rent a suitable place for the company, and generally to make such rules and regulations as they may in their discretion believe best adapted to promote the interests of the company; and they may call special meetings of the company whenever they may deem it necessary; and shall, at the annual meeting of the company, exhibit to them a correct statement of its accounts. They shall have power to fill vacancies which may occur in their body, either by death, resignation or disqualification.

No person to be elected as director or treasurer who is not a member of this association, and residing in the city or county of Philadelphia; and any director or treasurer who shall remove to any place not in the said city or county, or who shall absent himself from the meetings of the directors for six months, without good cause shown, shall be considered as having resigned.

Art. 8. The treasurer shall, before entering on the duties of his office, give such security as the directors may think necessary, for the faithful performance of the duties of his office. He shall keep an accurate account of all the money transactions of the company, in books to be provided by them for that purpose, which books shall be by him exhibited to the directors whenever the same is required by them. He shall collect and pay all moneys due to and from the company; but no payment shall be made by him without an order of the directors signed by their president and countersigned by their secretary; and he shall report to the directors the names of such members as are in

arrears two semi-annual payments. In case of the death, resignation or disqualification of a treasurer, the directors shall appoint a person to execute the office of treasurer until the next annual election.

ART. 9. The directors elected at each general meeting, shall meet and organize themselves on the Monday next succeeding their election. The judges or inspectors of the election shall give them notice of their election in writing, and of the time and place at which they are to meet; and the directors and treasurer of the preceding year shall hold and execute the duties of directors and treasurer until such meeting takes place.

ART. 10. No director or treasurer shall receive a salary or any other pecuniary emolument for their services.

ART. 11. No alteration shall be made in the articles of this association, unless the same shall have been stated to the directors at least three months before a stated meeting of the company, and approved by two-thirds of the members present at such meeting.

ART. 12. At all elections, and at the general or special meetings of the company, the members may give their votes ~~either~~ in person or by proxy.

At a stated meeting of the company, held January 12th, 1826, it was agreed to divide the property of the company into three hundred equal shares, estimated at ten dollars each, and transferable subject to the following regulations:

1. Upon each share of stock there shall be paid annually, upon the first day of July, a tax of one dollar, and which, if not paid within six months, shall be increased twenty-five per cent., and if not paid within twelve months, fifty per cent., and if not paid within two years, the share shall be forfeited.

2. The present members who have paid their annual dues, shall be entitled to purchase each one share of stock at seven dollars.

3. The *present* life-subscribers shall have the option of

exchanging their present privileges for two shares of stock, which shall be free from the annual payments unless transferred. But in all cases of transfer, the share or shares shall be subject to the same assessment as others.

4. The annual payment on the shares shall not be increased unless by the consent of a majority of the stockholders, at a meeting duly notified.
